

Foundation to Success Coaching Program

Dear ladies,

Due to a lot of requests, I am putting together a group of 10 like-minded people to be a part of an intensive 6-weeks **Foundation to Success Coaching Program**. The program is scheduled to start on **May 8th, 2008**.

This is a **unique opportunity** to be a part of a special group of people who will actively help each other while working on their own growth and development.

Because the demand is high and the group is small, please get back to me ASAP if you fit in the profile below:

Are you

- An executive / a business owner / or an entrepreneur?
- Open-minded?
- Someone who understands the importance of learning and growth?
- Someone who is able to invest **295 Euros** and 2 hours a week for 6 weeks? (when the participants are selected we will come up with the best day and time for everyone)

If you answered '**YES**' to the above, and **you are ready** to

- Take your life to the next level;
- Make more money;
- Create greater clarity and focus;
- Reduce stress;
- Enjoy a healthy balance in your life;
- Increase your productivity and your time off;
- Learn how to become a magnet for success (in ALL areas of your life);
- And explore many more valuable tools that will help you live a happier and more fulfilling life on YOUR terms;

then do not hesitate and reply to this email or call me on **638-395-901** to reserve your space.

I have been coaching and successfully facilitating change for people all over the world for over 5 years. Here is **what previous participants are saying...**

"The Foundation to Success is a well structured and interactive program designed to help individuals to focus internally, understand, clarify and formulate their own purpose, vision and values. Masha Malka is a persistent and energetic coach that supports participants through their journey with drive and enthusiasm. Recommend the program to people who find themselves on a crossroad or have to make important personal decisions for their future."

"It was amazing to be part of your workshop. You handle/facilitate it beautifully. Part of what was amazing was the discussion, comments and support among participants who were from very different backgrounds yet jumped right into the interactions. I think you've really got something going!"

"Thank you so much for all that is currently good in my life.... You are a real gem!"

Dr. Barbara Page-Roberts

"I could go on and on about your concepts for setting goals, reducing stress factors, developing intelligence, memory...all really good stuff. You truly possess a wisdom that few others have. You are a wonderful example and inspiration to us all."

Michael Hanrahan

Professor, **Keen State College**, USA

"The great skill is bringing it all back down to the simple truths, and then applying that wisdom to everyday life. Great leaders and teachers are able to do that for their organizations. Those who can't - have few followers. So, the power of the Foundation to Success workshop for me is that the information in it is becoming part of me, and as such is causing me to adopt different practices.

It's like a new door opening. I will enjoy recommending participation in this to people I know."

Holly Mc Cracken

"You seem to be an amazing leader and person and I feel that I have grown a great deal as a leader simply by talking with you and evaluating your

comments and techniques. I am always looking for new approaches and enjoy sharing ideas and experiences with creative leaders such as yourself. Thank you!"

"I knew that I wanted to attend the course even though I wasn't sure why, but having gone through it I now know that I was meant to be there. This is probably coming out all wrong but I feel fantastic and you have helped to unleash my passion for life again. Please know that I could use thousands of seconds, not just one, to thank you. Thank you from the bottom of my heart. I wish you luck in all your workshops and indeed in the rest of your great work. The world had better watch out!!! Your students have been unleashed (watch out Marbella on Saturday night), and we are all going to be so successful - that is probably our best testimony to you."

Love,
